

WHAT MAKES WEST YAS ACADEMY UNIQUE?

Aldar Academies' founding American-curriculum school

West Yas Academy follows the Massachusetts State curriculum, recently ranked as the number 1 curriculum in the United States.

West Yas Academy is accredited by The New England Association of Schools and Colleges (NEASC), the oldest and most prestigious regional accrediting bodies in the United States.

A structured learning environment for all ages and phases

West Yas Academy uses a play-based learning model in Kindergarten, inquiry-based learning model in the elementary grades and project-based learning in middle and high school phases. Research proves that schools such as ours who adopt such approaches to learning produce high-quality education.

A leadership path to a successful outcome

Every student, regardless of their start point, academic ability or future goals, has a pathway to success at West Yas Academy

Our curriculum is both broad and well balanced. Should a student wish to study or gain future employment in the UAE, USA or beyond, our curriculum program offering supports students, eventually offering close to 100 + courses in the middle and high school program.

We pride ourselves in providing the best education in the best surroundings

Our Academy boasts a wide range of sporting facilities for activities both during and after school. Our dedicated performing arts facilities allows our students to explore their creative sides, while an extremely well-resourced library supports academic studies.

Diverse International School

West Yas is a diverse international school located on of Yas Island. We celebrate diversity and are proud to have over 40 nationalities enrolled in our school.

FEES

All our academy fees are regulated by the Abu Dhabi Department of Education and Knowledge (ADEK) and are only subject to review every two years.

MESSAGE FROM THE PRINCIPALS

Welcome to West Yas Academy!

Our purpose as an academy is to empower the next generation to shape our future and to do so, we deliver the highest education standards through the US Massachusetts curriculum. Our values of excellence, creativity, passion, respect, and collaboration are unshakeable in all we do where we foster these traits within our students’.

At West Yas Academy, we plan inclusive and engaging teaching and student-centered learning strategies, enabling our students to accelerate their development holistically. We take pride in our Action and Project-Based Inquiry learning frameworks, encouraging our students to develop 21st-century skills to flourish within society. We believe that learning is a continuous and ever-changing experience. We offer a wide and inclusive curriculum for KG to Grade 12, promoting

“the international, vibrant community alongside the outstanding provision and state of the art facilities enable my child to exceed his social, emotional and academic goals.”

graduation pathways that include connections and opportunities with local businesses in addition to national and global university pathways.

Furthermore, we are a New England Association of Schools and Colleges (NEASC) accredited school, a globally recognized standard of excellence attesting to West Yas Academy’s high quality and integrity. In addition to our pedagogies, we offer state-of-art facilities, including, technology, engineering, and culinary arts classrooms and sport and performing arts facilities in addition to an extensive extra-curricular program.

We pride ourselves on serving with integrity to establish trust and build positive partnerships with all stakeholders within our school community.

We welcome you to join and be part of our West Yas Academy family.

STEVE LEWIS
Principal

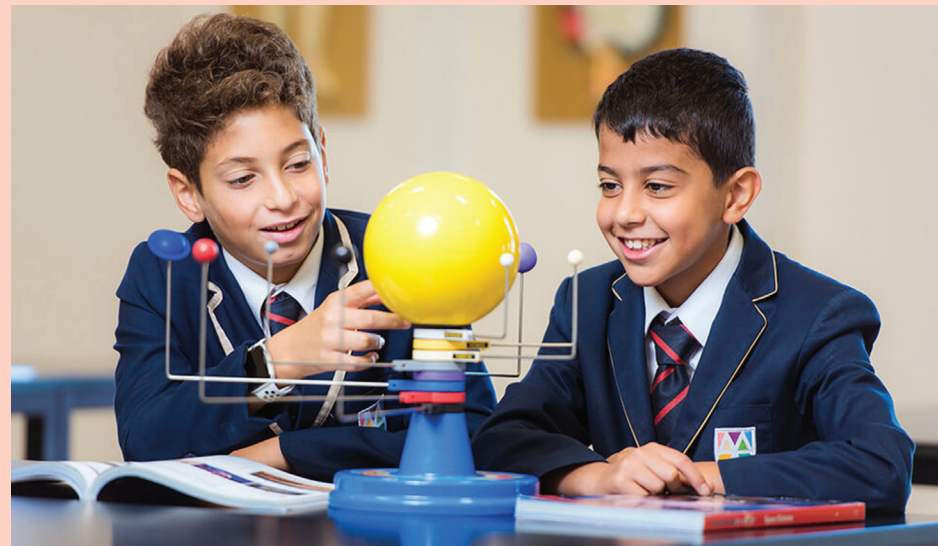

THE CURRICULUM

The American Massachusetts State Curriculum is the most highly regarded of all study programmes in the United States. With close ties to prestigious universities such as Harvard and MIT, it stands above other curricula for its rigorous, comprehensive and forward-thinking design. It’s also considered to be more demanding - and therefore rewarding - than the American Common Core Curriculum.

The Massachusetts approach is well-organised with clear expectations at each grade level. Assessments are efficiently organised to inform teachers and parents of the progress being made by students across all subjects. Student-centric, the American Massachusetts State Curriculum focuses on interactive enquiry-based learning, physical education, and extra-curricular activities. This develops well-rounded students, teaches the mastery of specific skills, and builds confidence from an early age. Students work towards the American High

School Diploma, which is the standard qualification to gain entry into leading US universities and colleges. The diploma is also increasingly being recognised by other leading higher education institutes across the world.

As the curriculum has such a strong focus on extra-curricular and co-curricular activities to complement the core subjects, Aldar Academies has invested in the most advanced teaching technology and facilities available. As a result, students can excel in their preferred sports, creative arts, specific vocations and all core subjects. The teaching of Arabic subjects is based on the guidance and materials prescribed by the Ministry of Education. It keeps local and other native Arabic speaking and Muslim children familiar with their national identity and religion. In addition, our international students gain an understanding of the UAE’s heritage which helps enhance mutual understanding, peaceful co-existence and cross-cultural harmony and tolerance

SUPPORTED BY THE SAME EXCEPTIONAL TEACHING STANDARDS AND TECHNIQUES DELIVERED ACROSS THE ALDAR ACADEMIES FAMILY

Aldar Education is the leading providers of private education in Abu Dhabi and Al Ain, holding accreditations from a number of international educational bodies. We deliver inspiring learning environments, combining the very best academic, arts and sporting facilities with the highest standards of teaching. As a result, our students perform at the very highest level, achieving exam grades that exceed global averages and secure places at the world’s leading universities.
