EDUCATION

## An overview of the curriculum at NMS (2019-2020)

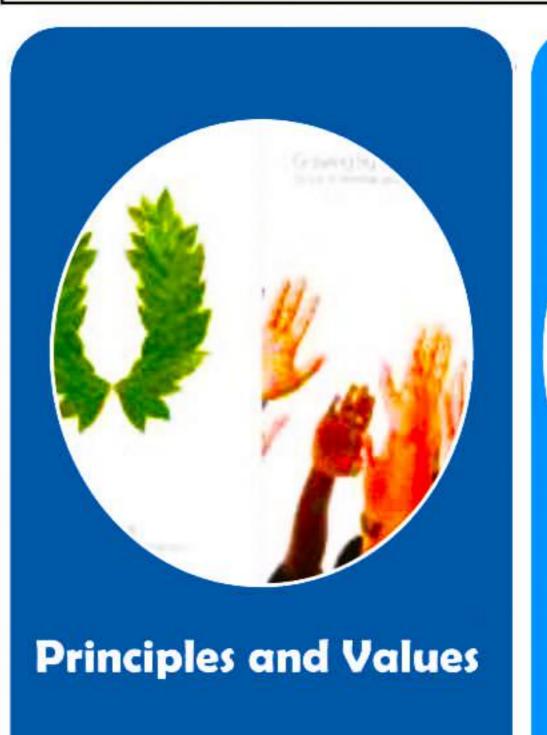

## xponential

## Rationale:

The Curriculum at GEMS New Millennium School is underpinned by our values and vision. It encompasses a holistic focus through knowledge, skills and opportunities for first-hand learning experiences. The curriculum itself is regularly reviewed for scope, progression and balance. We try to meet the present and future needs of individual students. The curriculum encourages our students to become more cognizant of the environment around them, equipped with skills to solve world problems and make a difference. The curriculum embraces the UAE National Agenda for Education and is compliant with the KHDA and CBSE regulations.
