

To enter for this Award, please complete the following:

- (1) Please provide a comprehensive and passionate explanation of how your school focuses on delivering a beyond outstanding *Primary phase* education for every child – and *how your nominated teacher brings this to life*. There is no limit on the number of words you can write. Your explanation should include both embedded and separate high resolution, captioned photographs and may include video. One paragraph or more should detail how your nominated Primary phase Teacher relates and links different areas of the curriculum – and particularly the Arts, Mathematics and Sciences. The greater the level of detail and evidence of commitment to, and achievement in, the vocation of Primary teaching, child happiness and meeting the needs of all children – so that they can be the best they can possibly be, the easier our Judges will be able to evaluate your submission.
- (2) Please provide 3 case studies of the impact of your teaching on individual Primary phase children and/or classes. Part of the story for each should have taken place in the period 2021-2023. We are particularly interested in problem solving and you may wish to provide examples of the issues/problems/challenges to be solved/faced, and their outcomes. Please let us know any information in your submission that is not for publication.
- (3) Please provide a quote from the Teacher highlighting their commitment to teaching Primary phase children, including what makes the teaching of Primary children so profoundly important and meaningful. Please include a full bio/CV and photograph. Please also provide an example lesson plan of the most perfectly inspirational lesson to inspire Primary phase children.
- (4) Please provide a quote from the Principal on *why STEAM* is so important in your school, paying particular attention to investment in the very best teachers and the contribution of the nominated teacher to the lives of children.
- (5) As part of the following application, you will strengthen your case considerably by *sending the following EDSTATICA™ survey links to your students, teachers and parents*, asking them to independently provide feedback on your school as part of your entry to the Top Schools Awards 2023-24.
